

OFFICE OF THE STATE CONTROLLER  
STATE MANDATED COSTS CLAIMING INSTRUCTIONS NO. 2012-41  
HEALTH BENEFITS FOR SURVIVORS OF PEACE OFFICERS AND FIREFIGHTERS  
LOCAL AGENCIES  
REVISED JULY 1, 2014

In accordance with Government Code (GC) sections 17560 and 17561, eligible claimants may submit claims to the State Controller's Office (SCO) for reimbursement of costs incurred for state-mandated cost programs. This document contains claiming instructions and forms that eligible claimants must use for filing claims for the Health Benefits for Survivors of Peace Officers and Firefighters program. The amended Parameters and Guidelines (P's & G's) are included as an integral part of the claiming instructions.

On October 26, 2000, the Commission on State Mandates (CSM) adopted a Statement of Decision finding that the test claim legislation imposes a reimbursable state-mandated program on local agencies within the meaning of article XIII B, section 6 of the California Constitution and GC section 17514.

On January 29, 2010, the CSM approved the amendments to the P's & G's to update the "boilerplate language" clarifying source documentation requirements and record retention language as requested by the SCO.

### **Exception**

There will be no reimbursement for any period in which the Legislature has suspended the operation of a mandate pursuant to state law.

### **Eligible Claimants**

Any city, county, or specified special district (see below), as defined in GC section 17518, that incurs increased costs as a result of this mandate is eligible to claim for reimbursement.

Special districts, subject to tax and spend limitations pursuant to the provisions of Articles XIII A and B of the California Constitution, are eligible to file a claim for reimbursement. To establish proof of eligibility and to minimize payment delays, SCO requests that special district claimants submit a supporting document that affirms the special district received an annual allocation of property tax revenue from the county pursuant to Article XIII A of the California Constitution. This may include a Board of Directors Resolution establishing the appropriation limit for the fiscal year being claimed, in compliance with Article XIII B of the California Constitution.

### **Reimbursement Claim Deadline**

Claims for the **2013-14** fiscal year may be filed by **February 17, 2015**, without a late penalty. **Claims filed more than one year after the filing date will not be accepted.**

## **Penalty**

- **Initial Claims**

When filed within one year of the initial filing deadline, claims are assessed a late penalty of 10% of the total amount of the initial claim without limitation pursuant to GC section 17561, subdivision (d)(3).

- **Annual Reimbursement Claim**

When filed within one year of the annual filing deadline, claims are assessed a late penalty of 10% of the claim amount; \$10,000 maximum penalty, pursuant to GC section 17568.

## **Minimum Claim Cost**

GC Section 17564, subdivision (a), provides that no claim may be filed pursuant to Sections 17551 and 17561, unless such a claim exceeds one thousand dollars (**\$1,000**), provided that a county may submit a combined claim on behalf of direct service districts or special districts within their county if the combined claim exceeds **\$1,000**, even if the individual direct service district's or special district's claim does not each exceed **\$1,000**. The county shall determine if the submission of the combined claim is economically feasible and shall be responsible for disbursing the funds to each direct service district or special district. These combined claims may be filed only when the county is the fiscal agent for the districts. A combined claim must show the individual claim costs for each eligible district. All subsequent claims based upon the same mandate shall only be filed in the combined form unless a direct service district or special district provides a written notice of its intent to file a separate claim to the county and to the SCO, at least 180 days prior to the deadline for filing the claim.

## **Reimbursement of Claims**

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. These costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations. Declarations must include a certification or declaration stating: "I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct," and must further comply with the requirements of Code of Civil Procedure section 2015.5.

Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, these documents cannot be substituted for source documents.

## **Audit of Costs**

All claims submitted to the SCO are subject to review to determine if costs are related to the mandate, are reasonable and not excessive, and if the claim was prepared in accordance with the SCO's claiming instructions and the P's & G's adopted by the CSM. If any adjustments are made to a claim, the claimant will be notified of the amount adjusted, and the reason for the adjustment.

On-site audits will be conducted by the SCO as deemed necessary. Pursuant to GC section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a claimant is subject to audit by the SCO no later than three years after the date the actual reimbursement claim was filed or last amended, whichever is later. However, if no funds were appropriated or no payment was made to a claimant for the program for the fiscal year for which the claim was filed, the time for the SCO to initiate an audit will commence to run from the date of initial payment of the claim.

All documents used to support the reimbursable activities must be retained during the period subject to audit. If an audit has been initiated by the SCO during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings. Supporting documents must be made available to the SCO on request.

## **Record Retention**

All documentation to support actual costs claimed must be retained for a period of three years after the date the claim was filed or last amended, whichever is later. If no funds were appropriated or no payment was made at the time the claim was filed, the time for the Controller to initiate an audit will be from the date of initial payment of the claim. Therefore, all documentation to support actual costs claimed must be retained for the same period, and must be made available to the SCO on request.

## **Claim Submission**

Submit a signed original Form FAM-27 and one copy with required documents. **Please sign the Form FAM-27 in blue ink and attach the copy to the top of the claim package.**

## **Amendment to Parameters and Guidelines**

Labor Code Section 4856, Government Code Section 21635

Statutes 1996, Chapter 1120  
Statutes 1997, Chapter 193

### ***Health Benefits for Survivors of Peace Officers and Firefighters*** 05-PGA-32 (97-TC-25)

This amendment is effective beginning with claims filed for the  
July 1, 2005 through June 30, 2006 period of reimbursement

#### **I. SUMMARY AND SOURCE OF THE MANDATE**

Statutes 1996, chapter 1120 enacted Labor Code section 4856, which requires local agencies to provide lifelong health benefits to the survivors of peace officers and firefighters who die in the line of duty. Statutes 1997, chapter 193 further amended Labor Code section 4856 by applying this benefit retroactively. Additionally, chapter 1120 amended Government Code section 21635, by deleting language exempting local agencies from collective bargaining under the Meyers-Milias-Brown Act with their employees for survivor health benefits.

On October 26, 2000, the Commission adopted its Statement of Decision that the test claim legislation constitutes a reimbursable state mandated program upon local governments within the meaning of article XIII B, section 6 of the California Constitution and Government Code section 17514.

#### **II. ELIGIBLE CLAIMANTS**

##### **1. Providing Survivor Health Benefits (Labor Code Section 4856)**

Counties, cities, a city and county, and special districts, as defined in Government Code section 17518 that employ peace officers and firefighters, and school districts, as defined in Government Code section 17519, that employ peace officers are eligible claimants.

##### **2. Collective Bargaining (Government Code Section 21635)**

Counties, cities, a city and county and special districts, as defined in Government Code section 17518 are eligible claimants.

#### **III. PERIOD OF REIMBURSEMENT**

This amendment is effective beginning with claims filed for the July 1, 2005 through June 30, 2006 period of reimbursement.

Section 17557 of the Government Code, prior to its amendment by Statutes 1998, chapter 681, (effective September 22, 1998), stated that a test claim must be submitted on or before December 31 following a given fiscal year to establish eligibility for reimbursement for that fiscal year. The test claim for this mandate was filed on June 9, 1998.

Statutes 1996, chapter 1120, an urgency statute, became effective September 30, 1996. It requires that local agencies provide health benefits to the survivors of peace officers and firefighters killed in the line of duty *after* September 30, 1996. And it allows collective bargaining for the continued health benefits coverage of a surviving spouse. Therefore, costs incurred for Statutes 1996, chapter 1120, are eligible for reimbursement on or after July 1, 1997.

Statutes 1997, chapter 193, became effective on January 1, 1998. It requires that local agencies provide health benefits to the survivors of peace officers and firefighters killed in the line of duty *before* September 30, 1996. Therefore, cost incurred for Statutes 1997, chapter 193, are eligible for reimbursement on or after January 1, 1998.

Actual costs for one fiscal year shall be included in each claim. Estimated costs for the subsequent year may be included on the same claim, if applicable. Pursuant to section 17561, subdivision (d)(1) of the Government Code, all claims for reimbursement of initial years' costs shall be submitted within 120 days of notification by the State Controller of the issuance of claiming instructions.

If total costs for a given year do not exceed \$200, no reimbursement shall be allowed, except as otherwise allowed by Government Code section 17564.

#### **IV. REIMBURSABLE ACTIVITIES**

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. Actual costs are those costs actually incurred to implement the mandated activities. Actual costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is a document created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations. Declarations must include a certification or declaration stating, "I certify under penalty of perjury under the laws of the State of California that the foregoing is true and correct based upon personal knowledge." Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, corroborating documents cannot be substituted for source documents.

The claimant is only allowed to claim and be reimbursed for increased costs for reimbursable activities identified below. Increased cost is limited to the cost of an activity that the claimant is required to incur as a result of the mandate.

For each eligible claimant, all direct and indirect costs of labor, materials, supplies and services, training and travel for the performance of the following activities, are eligible for reimbursement:

Component A. Providing Survivor Health Benefits (Labor Code Section 4856)

1. Developing or updating internal policies, procedures and manuals as necessary to provide health benefits to the deceased peace officer's or firefighter's surviving spouse and eligible dependents, as required under Labor Code section 4856 (one-time activity).
2. Upon the death of a peace officer or firefighter killed in the line of duty, the ongoing costs of maintaining files, manually or electronically, related to providing health benefits to the deceased peace officer's or firefighter's surviving spouse and eligible dependents, as required under Labor Code section 4856, is reimbursable.
3. Dependent Notification
  - a. Upon the death of a peace officer or firefighter killed in the line of duty, providing a one-time notification to the surviving spouse that the local government employer must continue providing health benefits to the deceased employee's spouse and minor dependents under the same terms and conditions provided before death, or prior to the accident or injury that caused death. If there is no surviving spouse, then providing a one-time notification to the minor dependents, or guardian, that the local government employer must continue providing health benefits until the minor dependents reach the age of 21 years.
  - b. Providing a one-time notice to the minor dependents of peace officers or firefighters killed in the line of duty, when they are no longer eligible for continued health benefits under the surviving spouse's coverage. Or, if there is no surviving spouse, when the minor dependents reach the age of 21 years.
  - c. Upon remarriage of the surviving spouse, providing a one-time notice to the surviving spouse that the new spouse or stepchildren cannot be added as family members under the continued health benefits coverage of the surviving spouse.
4. Upon the death of a peace officer or firefighter killed in the line of duty, communicating with the insurance plan provider for the purpose of notifying the insurance plan provider of the peace officer's or firefighter's death, and coordinating with the insurance plan provider to ensure that the deceased peace officer's or firefighter's surviving spouse and eligible dependents will continue receiving health benefits under the same terms and conditions as provided before death, or prior to the accident or injury that caused death.
5. Upon the death of a peace officer or firefighter killed in the line of duty, the amount of the insurance premiums paid to HMOs, or the contributions to self-insured pools, for the continued health benefits coverage to the deceased peace officer's or firefighter's surviving spouse, as required under Labor Code section 4856, is reimbursable. Eligible minor dependents are provided health benefits under the surviving spouse's coverage. If there is no surviving spouse, eligible dependents are provided health benefits until the age of 21 years. A surviving spouse's new spouse

or stepchildren are ineligible for continued health benefits under the surviving spouse's coverage.

Component B. Collective Bargaining for the Continued Health Benefits Coverage of a Surviving Spouse (Government Code Section 21635)

1. Developing or updating internal policies, procedures and manuals as necessary to collectively bargain with local employee representatives (one-time activity).
2. Maintaining files manually or electronically related to collective bargaining.
3. The cost of up to five employer representatives and the cost of up to five employee representatives will be reimbursed for the following activities if a representative of a recognized employee organization requests that the local governmental employer meet and confer in good faith.
  - a. Reviewing the recognized employee organization's initial contract proposal.
  - b. Developing and presenting the local government employer's response to the recognized employee organization's initial contract proposal.
  - c. Participating in negotiating planning sessions in preparation of pending negotiations with the recognized employee organization's representatives.
  - d. Negotiating with the recognized employee organization's representatives.
  - e. Holding public hearings, pursuant to Government Code 3505.1, so that the governing board can approve the memorandum of understanding.
  - f. Reproducing and distributing to employer representatives (supervisory, management, and confidential) that portion of the final contract agreement. Reproducing and distributing copies of the final contract to collective bargaining unit members are not reimbursable.

**V. CLAIM PREPARATION AND SUBMISSION**

Claims for reimbursement must be timely filed and identify each cost element for which reimbursement is claimed under this mandate. Claimed costs must be identified to each reimbursable activity identified in Section IV of this document.

SUPPORTING DOCUMENTATION

Claimed costs shall be supported by the following cost element information:

**A. Direct Costs**

Direct Costs are defined as costs that can be traced to specific goods, services, units, programs, activities or functions.

Claimed costs shall be supported by the following cost element information:

**1. Salaries and Benefits**

Identify the employee(s), and/or show the classification of the employee(s) involved. Describe the reimbursable activities performed and specify the actual time devoted to each reimbursable activity, the productive hourly rate, and related employee benefits.

Reimbursement includes compensation paid for salaries, wages, and employee benefits. Employee benefits include regular compensation paid to an employee during periods of authorized absences (e.g., annual leave, sick leave) and the employer's contributions to social security, pension plans, insurance, and workers' compensation insurance. Employee benefits are eligible for reimbursement when distributed equitably to all job activities performed by the employee.

## 2. Materials and Supplies

Only expenditures that can be identified as a direct cost of this mandate may be claimed. List the cost of the materials and supplies consumed specifically for the purposes of this mandate. Purchases shall be claimed at the actual price after deducting cash discounts, rebates and allowances received by the claimant. Supplies that are withdrawn from inventory shall be charged based on a recognized method of costing, consistently applied.

## 3. Contract Services

Contracted services for participation of employer representatives in contract negotiations and negotiation planning sessions will be reimbursed. Provide the name(s) of the contractor(s) who performed the services, including any fixed contracts for services. Describe the reimbursable activity(ies) performed by each named contractor and give the number of actual hours spent on the activities, if applicable. Show the inclusive dates when services were performed and itemize all costs for those services. Submit contract consultant and attorney invoices with the claim.

## 4. Travel

Travel expenses for mileage, per diem, lodging, and other employee entitlements are eligible for reimbursement in accordance with the rules of the local jurisdiction. Provide the name(s) of the traveler(s), purpose of travel, inclusive dates and times of travel, destination points and travel costs.

## 5. Training

The cost of training an employee to perform the mandated activities is eligible for reimbursement. Identify the employee(s) by name and job classification. Provide the title and subject of the training session, the date(s) attended, and the location. Reimbursable costs may include salaries and benefits, registration fees, transportation, lodging, and per diem.

## B. Indirect Costs

Indirect costs are defined as costs which are incurred for a common or joint purpose, benefiting more than one program and are not directly assignable to a particular department or program without efforts disproportionate to the result achieved. Indirect costs may include both (1) overhead costs of the unit performing the mandate; and (2) the costs of central government services distributed to other departments based on a systematic and rational basis through a cost allocation plan.

### Cities, Counties, and Special Districts

Compensation for indirect costs is eligible for reimbursement utilizing the procedure provided in the OMB A-87. Claimants have the option of using 10% of direct labor,

excluding fringe benefits, or preparing an Indirect Cost Rate Proposal (ICRP) if the indirect cost rate claimed exceeds 10%.

If the claimant chooses to prepare an ICRP, both the direct costs (as defined and described in OMB Circular A-87 Attachments A and B) and the indirect costs shall exclude capital expenditures and unallowable costs (as defined and described in OMB Circular A-87 Attachments A and B). However, unallowable costs must be included in the direct costs if they represent activities to which indirect costs are properly allocable.

The distribution base may be (1) total direct costs (excluding capital expenditures and other distorting items, such as pass-through funds, major subcontracts, etc.), (2) direct salaries and wages, or (3) another base which results in an equitable distribution.

In calculating an ICRP, the Claimant shall have the choice of one of the two following methodologies:

1. The allocation of allowable indirect costs (as defined and described in OMB Circular A-87 Attachments A and B) shall be accomplished by (1) classifying a department's total costs for the base period as either direct or indirect, and (2) dividing the total allowable indirect costs (net of applicable credits) by an equitable distribution base. The result of this process is an indirect cost rate which is used to distribute indirect costs to mandates. The rate should be expressed as a percentage which the total amount allowable indirect costs bears to the base selected; or
2. The allocation of allowable indirect costs (as defined and described in OMB Circular A-87 Attachments A and B) shall be accomplished by (1) separating a department into groups, such as divisions or sections, and then classifying the division's or section's total costs for the base period as either direct or indirect, and (2) dividing the total allowable indirect costs (net of applicable credits) by an equitable distribution base. The result of this process is an indirect cost rate which is used to distribute indirect costs to mandates. The rate should be expressed as a percentage which the total amount allowable indirect costs bears to the base selected.

#### School Districts

1. School districts must use the J-380 (or subsequent replacement) non-restrictive indirect cost rate provisionally approved by the California Department of Education.
2. County offices of education must use the J-580 (or subsequent replacement) non-restrictive indirect cost rate provisionally approved by the State Department of Education.
3. Community colleges have the option of using (1) a federally approved rate, utilizing the cost accounting principles from the Office of Management and Budget Circular A-21 "Cost Principles of Educational Institutions", (2) the rate calculated on State Controller's Form FAM-29C, or (3) a 7% indirect cost rate.

## **VI. RECORD RETENTION**

Pursuant to Government Code section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a local agency or school district pursuant to this chapter<sup>1</sup> is subject to the initiation of an audit by the Controller no later than three years after the date that the actual reimbursement claim is filed or last amended, whichever is later. However, if no funds are appropriated or no payment is made to a claimant for the program for the fiscal year for which the claim is filed, the time for the Controller to initiate an audit shall commence to run from the date of initial payment of the claim. In any case, an audit shall be completed not later than two years after the date that the audit is commenced. All documents used to support the reimbursable activities, as described in Section IV, must be retained during the period subject to audit. If the Controller has initiated an audit during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings.

## **VII. OFFSETTING SAVINGS AND OTHER REIMBURSEMENT**

Any offsetting savings the claimant experiences as a direct result of the subject mandate shall be deducted from the costs claimed. In addition, reimbursement for this mandate received from any source, including but not limited to, service fees collected, federal funds and other state funds shall be identified and deducted from this claim.

## **VIII. STATE CONTROLLER'S OFFICE REQUIRED CERTIFICATION**

An authorized representative of the claimant shall be required to provide a certification of the claim, as specified in the State Controller's claiming instructions, for those costs mandated by the State contained herein.

## **IX. PARAMETERS AND GUIDELINES AMENDMENTS**

Pursuant to Title 2, California Code of Regulations, section 1183.2, Parameters and Guidelines amendments filed before the deadline for initial claims as specified in the Claiming Instructions shall apply to all years eligible for reimbursement as defined in the original parameters and guidelines. A Parameters and Guidelines amendment filed after the initial claiming deadline must be submitted on or before January 15, following a fiscal year in order to establish eligibility for reimbursement for that fiscal year.
